

# Table of Contents

The Ecological Engineer  
Volume One: KEEN Engineering

|     |                           |
|-----|---------------------------|
| i   | Acknowledgements          |
| iii | Foreword by Bob Berkebile |
| vii | Publisher's Introduction  |

## Section One: The Practice

|    |                                                                                         |
|----|-----------------------------------------------------------------------------------------|
| 1  | Chapter 1: The Flyer, the Racer, and the Pursuit of Excellence: A Brief History of KEEN |
| 17 | Chapter 2: From Blue to Green: Transforming KEEN's Business                             |
| 41 | Chapter 3: Being KEEN Green: Transforming the Industry                                  |
| 67 | Chapter 4: Back to the Future: Becoming KEEN 3                                          |

## Section Two: The Principles

|     |                                                                                         |
|-----|-----------------------------------------------------------------------------------------|
| 79  | Chapter 5: The Principles                                                               |
| 95  | Chapter 6: The Methodologies                                                            |
| 103 | Chapter 7: Low-Tech Solutions: Natural Ventilation, Thermal Mass and Façade Integration |
| 125 | Chapter 8: High-Tech Solutions: Water, Air and Radiant Heating/Cooling                  |

## Section Three: The Projects

|     |                                                                                              |
|-----|----------------------------------------------------------------------------------------------|
| 149 | Chapter 9: York University Computer Science Building: The Future Has Arrived                 |
| 161 | Chapter 10: IslandWood: A School in the Woods                                                |
| 175 | Chapter 11: Library Square: Canada's Colosseum                                               |
| 187 | Chapter 12: White Rock Operations Building: Something Old Made New Again                     |
| 199 | Chapter 13: C.K. Choi Building for the Institute of Asian Research: A Model of Possibilities |
| 215 | Afterword by KEEN Leadership                                                                 |
| 219 | Epilogue by Tony Franceschini                                                                |

## Appendix

|     |                    |
|-----|--------------------|
| 223 | Endnotes           |
| 225 | Bibliography       |
| 229 | GREEN Reading List |
